

Important habitat for plants and animals

Community education and collaboration

Replenishing beauty of nature

Natural places for outdoor recreation

Clean water and flood prevention

**As a member-sustained organization,
KLT is rooted in your generous support.**

We are working harder than ever to respond to now-or-never conservation opportunities like Rustlewood Farm and Brave Boat Headwaters. Many of you generously donated to the Rustlewood Farm Campaign and responded to this fall's initial call to action for our new Brave Boat Headwaters initiative. We hope you will continue to support these on-going conservation efforts.

Now we are asking for your broader support for Kittery Land Trust. Your tax-deductible membership dollars and additional gifts are vital for our general operations, which include the expertise of our Executive Director and Communications Coordinator. Without your membership dollars, projects like Rustlewood Farm and Brave Boat Headwaters are not possible.

Help us begin 2014 strongly rooted:

- **Renew your membership today.**
- **Make an end-of-year gift.**
- **Encourage 2 friends to become members.**

*Together we can grow
a greener Kittery!*

KITTERY LAND TRUST
